TO: Individuals Responsible for Workers' Compensation Filings for
the State of Nebraska

FROM: Nebraska Department of Insurance

DATE: August 24, 2005

As a result of LB119, which goes into effect 9-4-05, there will be some significant changes for Workers' Compensation. With this law change, Neb.Rev.Stat. §44-7509 has been extended to include workers' compensation and will allow a 40% rating flexibility without documentation. We would like to verify that the Loss Cost Multipliers we have on file for your company are indeed correct and up-to-date. We would appreciate it if you would take a moment and verify your [LCMs](#) by accessing the Department's website at www.doi.ne.gov, click on "Company", then "Property and Casualty Guidelines & Information", and finally "Loss Cost Multipliers for Workers' Compensation." Please keep in mind that our Rate and Form Act requires that companies file their LCMs with the Nebraska Department of Insurance.

If you find that the LCM shown is incorrect, please send an e-mail to Gina Younger at gyounger@doi.state.ne.us and she will make the correction on the website. We would appreciate all updates being completed by 10-1-05. If we do not hear from you by 10-1-05, we will assume that the LCM shown on our website is correct. If you currently have a filing pending with us to amend your LCM, you do not need to contact us with that information.

Thank you for your time and cooperation. If you have any questions, please feel free to contact Connie Van Slyke at (402) 471-4647 or via e-mail at cvanslyke@doi.state.ne.us.
